

EU TYPE-EXAMINATION CERTIFICATE

This is to certify that INSPEC International B.V., Notified Body 2849, has evaluated the Personal Protective Equipment type(s) in respect of the product detailed on this certificate and deemed it(them) to be in compliance with Annex V (Module B) of the Personal Protective Equipment Regulation (EU) 2016/425 and the applicable Essential Health & Safety Requirements.

Manufacturer: **Honeywell Respiratory Safety Products**
C.S. 55288 - 95958 Roissy CDG Cedex
ZI Paris Nord II
33, rue des Vanesses
Villepinte, France

Compliance with the applicable Essential Health & Safety Requirements has been demonstrated as above, including examination in accordance with the technical specification below:

EN 14594:2005

Product description: Continuous flow compressed air line breathing apparatus incorporating a helmet and for use in abrasive blasting operations

Honeywell NORTH® Commander shot blast helmet range

Date of initial certification: 04 October 2018
Date of current issue: 18 October 2023
Period of validity: 04 October 2023 - 04 October 2028

Product details

Model Variants:

Part no.	Product	Description
A133230-00	Shot blast helmet COMMANDER	with bisonyl cape, hose, coupling, regulator, silencer and belt
A133230-02	Shot blast helmet COMMANDER AIRBLAST	
A133230-03	Shot blast helmet COMMANDER NOREXO	
A133230-01	Shot blast helmet COMMANDER	with bisonyl cape, hose, coupling, regulator, silencer, belt and additional visor
A133130-00	Shot blast COMMANDER	with leather cape, hose, coupling, regulator, silencer and belt
A133730-00	Shot blast COMMANDER	with cotton jacket, hose, coupling, regulator, silencer and belt
A133235-00	Shot blast COMMANDER	with bisonyl cape, hose, coupling, vortex and belt
A133135-00	Shot blast COMMANDER	with leather cape, hose, coupling, vortex and belt
A133735-00	Shot blast COMMANDER	with cotton jacket, hose, coupling, vortex and belt

The apparatus, including compressed air supply hose, offers the following optional performance:

'F' = suitable for use in situations where flammability may be a risk

The following compressed air supply hoses are available:

Part no.	Description
A161253	Length 10m, heavy duty, black, 9mm bore, with coupling and nipple, CEJN
A161254	Length 20m, heavy duty, black, 9mm bore, with coupling and nipple, CEJN
A161255	Length 40m, heavy duty, black, 9mm bore, with coupling and nipple, CEJN

The maximum length of compressed air supply hose is 60m.

The maximum number of compressed air supply hose connection is 3 (3 x 20m)

The compressed air supply hoses offer the following optional performance:

'H' = 'heat resistant'

'S' = 'antistatic'

The following compressed air filter set is available as an option:

Part no.	Description
A160050	With oil and water separator. Two integrated P3 particulate filters and an 800g activated-charcoal filter, as standard with 1 CEJN coupling

Technical file reference: TF18161009

Test reports: 1.13.01.78, 1.13.01.81, 1.13.03.07, 1.13.10.47,
1.14.05.10
FWT0213899/1317/X

Category: III(three)

Classification: Class 4B

Accessories: None

Certificate amendment record

Date	Description
04/10/2018	Initial issue.
15/07/2019	Termination of NB 0194 Certificate by manufacturer request.
26/05/2022	Transfer and reinstatement of Certificate by NB 2849 upon request. Previous version issued by NB 0194.
18/10/2023	Renewed following Simplified Review

Conditions attached to the issue of this certificate:

1. This certificate alone, if Category II (two) PPE, forms INSPEC's permission to the manufacturer to use the 'CE' conformity mark for compliant products to be placed on the European Union internal market. In this case, the manufacturer may affix the conformity mark to each PPE or on a document supplied with the PPE, and draw up a written EU declaration of conformity for each PPE model referencing this certificate as per Article 17.
2. The manufacturer / authorised representative shall undertake to fulfil the obligations arising out of the Personal Protective Equipment Regulation (EU) 2016/425, and with INSPEC's Regulations governing this Module.
3. The manufacturer / authorised representative shall inform INSPEC without delay of any planned changes to the product, technical file or manufacturer information which may affect the validity of this certificate, before any such change is made.
4. Marking and instructions have been assessed in the English language only. It is the manufacturer's / authorised representative's responsibility to obtain and supply language versions acceptable to the country where the product is to be sold.
5. For category III product, the manufacturer must obtain and maintain an approval decision to Module C2 or Module D prior to placing product on the European Union internal market.
6. This certificate remains the property of INSPEC and may be withdrawn if any of the conditions attached to its issue are not complied with.
7. This certificate may be copied or reproduced by the certificate holder, complete and without omissions or additions, and in accordance with INSPEC's terms of business.
8. The manufacturer shall not use its product certification in any manner as to bring INSPEC into disrepute, nor make any statements regarding the product certification that INSPEC considers misleading or unauthorised.
9. Upon suspension, withdrawal or termination of this certificate, the manufacturer must discontinue all advertising matter that references the product certification and take action to cease production of products.
